

Memories of Professor HASAN Ozkan: Blowing in the Wind

With extreme grief and sorrow, we the family of 'Euroasian Gastroenterological Association (EGA)' and 'Jaypee Brothers Medical Publishers' inform you that our beloved Editor-in-Chief, Prof Hasan Ozkan, passed away on May 31st, 2023, at Ankara in Turkey (*Inna Lillaha wa Inna Ilaihi Rajeun*).

Prof Ozkan has been the master of our soul and captain of our entity for decades. He had been one of the central orchestrators of the journal along with Prof Mamun and Dr Akbar since 2011. During the last decade, he worked relentlessly to improve the journal. He also supported several conferences where the message of the journal was spelled out.

Now, we have a promise to make. The organization EGA and the journal *Euroasian Journal of Hepato-Gastroenterology (EJOHG)* must be brought to that point of the sky what Prof Ozkan aimed to accomplish for several years.
